

CSSBB EXAM COACHING

OBJECTIVES

The purpose of this self-paced coaching session is to help candidates prepare themselves for the Certified Six Sigma Blackbelt examination offered by the American Society for Quality. The examination is intended to test a candidate's knowledge of all of the areas of information used by the modern day Six Sigma Blackbelt in his/her profession. The cost is \$285.

Presented by: Joe DeSimone, CSSBB, CQM, CQE, and CRE, PMP, MBB

Joe DeSimone has been conducting this course and others successfully passing over 5,000 ASQ examinees world-wide since 1989. Every year, Joe offers this course in his home and invites Quality professionals from California, Arizona, Nebraska, Arkansas and Mexico. Additionally, Joe conducts this course in China, India,... Don't miss the opportunity to prepare for *and pass* the next CSSBB exam in a remote fashion with no classroom attendance.

This session is done remotely and is designed to allow examinees to prepare for the SSBB exam entirely at their own pace and timing and interface with the instructor via email and phone. The session will include the following:

- 1) Study Plan
- 2) Updated exam – type simulation questions
- 3) Guidelines for exam taking
- 4) Case Study practice questions
- 5) Updated study notes to take into the exam

Topics to be Covered:

Introduction to the Six Sigma Blackbelt Examination

- Review of the Body of Knowledge
- Review of Your Project
- Enterprise-Wide Deployment
